I. INTRODUCTION

A. Purpose of Awards Program

The purpose of the IFA Awards Program is to provide recognition to those individuals and organizations that have contributed to the growth and success of franchising as a method of distribution in the global economy. With such recognition it is hoped that others will be inspired to emulate those honored and thereby make franchising even more successful in the years to come. The resulting publicity will help inform and educate the general public about franchising as a concept, highlighting its benefits to society as a whole.

To avoid conflicts of interest or the perception thereof, members of the Executive Committee are deemed ineligible for any IFA awards during their terms of office.

B. Background

IFA first introduced an Awards Program when it established the Hall of Fame Award in 1979. As the Association's oldest and most prestigious honor, it is conferred upon legendary franchisors and franchisees who are pioneers in franchising and/or founders of companies whose unassailable track records are examples of the best in franchising. By publicizing the accomplishments of those pioneers who introduced many new innovations while developing successful systems, it was hoped a new generation of leaders would be inspired to reach those same high levels of accomplishment.

In 1982, two new awards were added to the Awards Program—Entrepreneur of the Year and Free Enterprise, the latter of which was discontinued upon creation of the Ronald E. Harrison Award in 2004, designed to recognize organizations and/or individuals who have made significant contributions to minorities in franchising either within their franchise organization or within the franchise community.

The Entrepreneur of the Year Award was established to recognize an individual while he or she was in the process of building a successful business venture. In 1990, the Board of Directors created the Honorary Life Member Award to honor those individuals upon retirement who have given much of their time and talents to promoting franchising in general and the IFA in particular during their active business careers. Typically such persons have served on many committees, task forces, the Board of Directors and in other ways contributed much to enhance franchising over a period of several years in leadership roles. While many fitting this profile will often serve as Chair of IFA, these honorees normally have not and this recognition was deliberately designed to express the franchising community's appreciation in much the same way it is accorded to Past Chairs.

In 1994, the Bonny LeVine Award was established in memory of Bonny LeVine, co-founder of PIP Printing, in recognition of her outstanding accomplishments in franchising and of her status as a role model for women in the franchise community. In 1996, IFA opened some awards to sponsorships. Among those companies that have participated are Coca Cola, DeLoitte and Touche, and The Entrepreneur's Source. . PepsiCo is currently still a sponsor of the Ron Harrison award and BDO currently sponsors the Hall of Fame award.

The Franchisee of the Year Award was established in 1996 under the sponsorship of

MassMutual, which handled the selection with four awards made annually at the Convention. This program was revised in 2000 to enable all franchise companies to participate by annually selecting one outstanding franchisee for recognition. The Franchisee of Year awards are now presented during the annual IFA Public Affairs Conference in Washington, DC and are sponsored by ADP.

Special Awards have been given in the past such as the Chairman's Award for Distinguished Service, and the IFA Legislator of the Year Award.

II. COMMITTEE MEMBERSHIP

A. Background

The Awards program is under the direction of the past chairs council. Committee members are IFA Past Chairman and women and are invited to serve on the committee.

B. Composition

The Past Chairs Council consists of 29 members. Should a member of the Past Chairs Council be nominated for an award they will be asked to abstain from the awards selection process..

III. AWARDS

A. HALL OF FAME

1. Description

As the oldest and most prestigious award conferred by the IFA, the winner must be an IFA franchisor or franchisee member who has contributed significantly to the advancement of franchising and to the benefit of IFA and the franchising community. E. HONORARY LIFE MEMBER

1. Description

This award honors those individuals—franchisees, franchisors or suppliers—upon retirement from active franchising, who have given much of their time and talent to promoting franchising in general and the IFA in particular during their active business careers. Typically such persons have served on many committees, task forces, the Board of Directors and in other ways contributed much to enhance franchising over a period of several years in various leadership roles. While many fitting this profile will often serve as Chair of IFA, these honorees normally have not and this recognition was deliberately designed to express the franchising community's appreciation in much the same way it is accorded to Past Chairs.

2. Eligibility

Formal nominations are not accepted for this award. The Board of Directors has vested the sole authority for initiating such nominations with the Past Chairmen's Council who submit them to the Awards Committee. The members of the Past Chairmen's Council with their many years of service are deemed best equipped to identify those individuals who should receive this honor. Such nominations are designated as an agenda item for each meeting of the Past Chairmen's Council. The Awards Committee may return any nomination for reconsideration or forward with their endorsement to the Executive Committee and the Board of Directors for approval.

F. FRANCHISEE OF THE YEAR

Franchisors may recognize their system's outstanding "Franchisee of the Year" by participating in the recognition ceremonies for such winners provided at the annual IFA Public Affairs Conference. This is a voluntary program. Recipients are determined by their parent companies. The Past Chairs Council is not tasked with consideration of those nominated.

Franchisors are encouraged to recognize their most outstanding franchisees at their own company conventions and/or throughout the year by presentation of the IFA sponsored "Franny Award," which can be purchased from the association online at www.franchise.org/.

G. SPECIAL AWARDS

Periodically the Awards Committee may recommend a special award for a specific one-time event, such as the “Chairman’s Award for Distinguished Service,” conferred posthumously to Harry L. Rudnick at the 2000 IFA Convention.

In 1994, in recognition of his efforts to oppose anti-franchising legislation in Iowa, IFA presented a special award to William Kimball, chairman and CEO of Medicap Pharmacies.

H. DISTINGUISHED SERVICE AWARDS

1. Description

Approved by the IFA Board of Directors in June, 2003, the IFA Distinguished Service Awards category was established to recognize individuals from each of the three categories of association membership who have devoted many years to promoting franchising through helping IFA fulfill its mission by active participation on committees, task forces and the Board of Directors. The award(s) would be given when deemed appropriate and do not carry a requirement of regularity.

2. Eligibility: Any employee/owner of an IFA member, whether franchisor, franchisee or supplier, who has been actively involved in franchising for a minimum of 10 years and has served on one or more IFA committees, task forces or Board of Directors for a minimum of five years will be eligible.

3. Evaluation Criteria: The Executive Committees of the Franchisor, Franchisee and Supplier Forums and committees may submit nominations to the Awards Committee upon determination of qualified candidates. The Past Chairs Council will review the nominations and present its recommendations to the Executive Committee and Board of Directors for consideration.

4. Presentation

The IFA Distinguished Service Awards will be presented during the association’s annual Fall Leadership Meeting in conjunction with the presentation of the Legislator of the Year Award.

IV. NOMINATION PROCEDURES

A. Identifying Potential Candidates

After each annual IFA convention, the Board of Directors and Past Chairs will be asked to identify those individuals they consider as potential candidates for the various awards.

B. Soliciting Nominations

Since Past Chairs Council members must evaluate nominees rather than be advocates, they are excluded from making nominations, as are members of the Executive Committee. They can encourage others to make nominations.

The IFA staff solicits the IFA membership for nominations for the Hall of Fame,

Entrepreneur of the Year, Bonny LeVine and Ronald E. Harrison awards at all IFA meetings, through *Franchising World* magazine, the *IFA Insider* newsletter, *SmartBrief*, all member emails and other communications to the general membership. Only IFA members can nominate candidates and nominators are limited to one nominee per award. The Past Chairs Council will determine a deadline for awards nominations and let the general IFA membership know each year when nominations must be received by to be considered.

C. Supporting Documentation

Nominations are effected by submitting the appropriate form to IFA. Once nominations are received, IFA staff sends an email to both nominee and nominator acknowledging the nomination and requesting supporting documentation, which demonstrates the candidate meets the criteria established for that award and this must be received by the stated deadline each year. Such documentation should include a biography of the nominee, the most recent Franchise Disclosure Document (FDD), if appropriate, filed by their company and information that will respond to the questions posed in the Evaluation Guidelines for that award. Any nominee who does not submit supporting information will not be considered for an IFA award.

D. Follow Up

While the IFA staff will follow up to ensure the required documentation is complete for consideration by the Past Chairs Council, it is the responsibility of the nominees to insure that such requirements are timely met.

All nominations are valid for three years. IFA staff will advise nominees to update their information when being considered in subsequent years.

V. EVALUATION PROCEDURES

A. Compilation of Files

The IFA staff submits all nominations with supporting documentation to the Past Chairs Council by the stated deadline each year in preparation for the meeting typically scheduled in late August each year for review and select.

B. Selection and Approval Procedures

Each Past Chairs Council chair will organize the selection meeting as they see fit with full disclosure of any relationships between committee members and nominees being considered. Committee members who are employed by the same or closely related company to that of a nominee must recuse themselves from those discussions.

Committee members must be present in person or by telephone to vote. No proxies are permitted.

The Committee may recommend to the Executive Committee/Board of Directors up to three candidates for each award and will indicate a first, second and third choice. However, the Committee has historically chosen only one alternate to the winner. At the association's Fall Leadership Meeting, the Committee Chair will present the recommendations first to the IFA Executive Committee for review, then upon that body's approval, submit the slate to the Board of Directors for approval.

VI. APPROVAL AND NOTIFICATION

Candidates who have been approved by the Board of Directors to receive an IFA major award must attend the next IFA annual convention in order to receive the award (see Distinguished Service Awards exception below). Posthumously conferred awards will be presented to either immediate family members of the award winner or a senior executive of the company with which the award winner was associated.

To confirm that first selectees for each award will be available to attend the next IFA convention, the Past Chair Council Chairman at his/her discretion typically advises the nominee informally by telephone of their selection with the admonition that the approval of the Board is necessary to finalize the award.

The Board shall receive recommendations from the Committee, review the nominations and approve recipients for each award. There shall be only one recipient for each award. Nothing herein shall prevent the Board from conferring one award on joint recipients. If, in the judgment of the Committee, there is no worthy candidate for an award, then no award will be given for that year.

Board approval is final pending notice to the recipient and verification that the award recipient can attend the next IFA Annual Convention.

VII. PRESENTATIONS

All awards, except the Franchisee of the Year awards, will be presented at the IFA annual convention. The Franchisee of the Year awards will be presented during the annual IFA Public Affairs Conference ceremonies, typically held during IFA's Fall Leadership Meeting.

The IFA staff will coordinate with the recipients how to best publicize the award.

A publicity effort will be undertaken by IFA to promote the recognition and prestige of all awards via its comprehensive press list. Recipients will be encouraged to provide specific media outlets to allow targeted publicity within their industries and geographic locations. *Franchising World* magazine will, in its Convention issue, provide feature coverage of the award winners and sponsors. Throughout the year following the event, IFA staff will be encouraged to recommend these "Brightest and Best" honorees for speaking engagements, public appearances and media interviews wherever possible.

VIII. ESTABLISHING NEW AWARDS

The IFA Board of Directors has reaffirmed the long-standing policy that all requests for new Awards must follow these procedures:

1. Information about the proposed award must be submitted in writing to the Past Chairs Council.
2. Included in the information submitted must be the following:

- a) Name of Award
- b) Purpose of Award
- c) Description of Award
- d) Justification for Award
- e) Criteria for Selection/Eligibility

3. The Past Chairs Council will provide a recommendation to the IFA Board of Directors as to whether the award should be created as an official IFA recognition.

4. Only the Board of Directors of the International Franchise Association has the authority to approve the creation of a new award or elimination of an existing award.

5. Unless otherwise provided, only the Past Chairs Council may receive nominations and select award winners.
